

The Fashion Designer profession, has recently emerged as one of the most sort out careers among the youths . These youths have their own creative style of dressing and believe in setting a trend rather than following a trend set by others. A career in Fashion Design not only involves meeting glamorous people and interacting with rich and famous but also gives a impetus to the creative flair of the people who possess a sense of style. The major functional areas in the industry are designing garments, cutting the cloth, sewing the pieces together and finally merchandising. Popularising and marketing of the various styles and products is done through ramp shows and fashion write-ups.

Fashion is a term commonly used in relation to clothes, dresses, garments, textiles, etc. There is an increase in quality textiles and materials for the fashion designers to work with. Fashion is identified today with status, acceptance and it almost implies social involvement. India enjoys a prominent place in the international market with its rich silks, traditional handloom fabrics, rustic textures and vibrant dyes. The creation of a worldmarket for Indian garments is largely the contribution of Indian fashion designers. The trend for growth are set for upcoming fashion entrepreneurs.

A fashion designers must be fashion of market requirements. In order perspective, they must read more fashion journals, books, on also visit various art gallery and traditional artists whenever they one should have knowledge and skills i.e. cutting, sewing, they should be able to various fabric quality choosing a good cloth

conscious and must be aware to have an International and more of international history and art. They must exhibition and interact with get a chance. As a designer experience of basic tailoring draping,etc. Besides this distinguish among and particular about to work on .

夏風靡的貼身剪裁和薄透質料將使全身上下的每一處曲線難以遁形，卻也別忘了，同時還有風頭正健的奧黛麗赫本式端妝短髮風潮，我們一定找得到辦法截長補短，譬如寬裙帶和收腰連裙洋裝並穿，外加一件小外套，曲線是可以利用視覺的想像力加以塑造的；就像穿不慣四寸的細帶高跟鞋，寬帶薄底或全露踝趾的涼鞋一樣可領風騷；無論華麗或頹廢，今如都已提供全球女士們自由選擇，如何

掌握個人的特色，組合獨特的魅力，多看多聽，多找多試，不搞怪卻也不盲從，准沒錯。此外，你更應該安排一處光源不只單向、光線充份明亮的角落，然後仔仔細細地再照一次鏡子，認清楚自己的基本特色，，胸有成竹地享受一番色彩與款式的獨購之旅，補缺陷，添新意，悅己又悅人，的確是件愜意萬分的樂事！
