

A.

B.

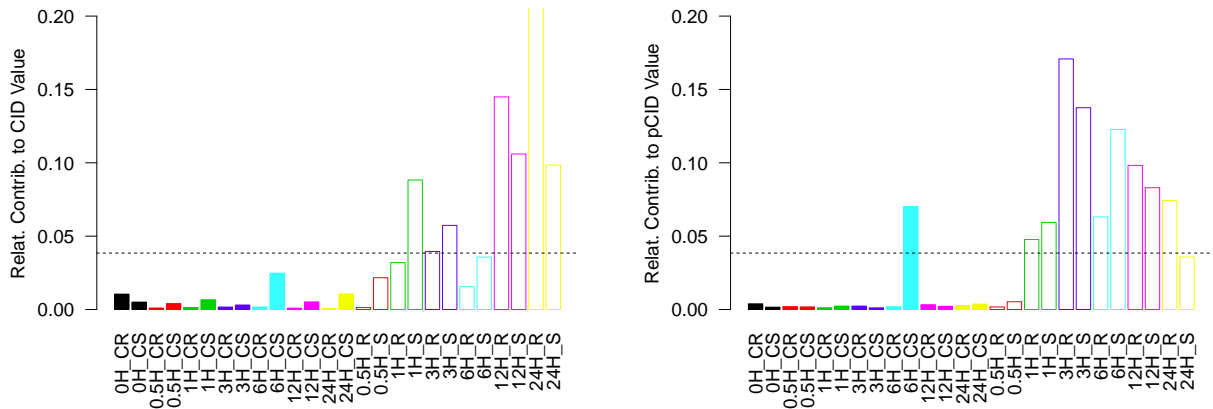

Figure S2. Expression profiles and CID/pCID inferences of 253114_at based on expression levels of *CBF1* and *CBF3*. (A) Averages and standard deviations of log2 expression levels over time under control (CTRL) or cold treatments. (B) Contribution to CID(253114_at|*CBF1*) (left) and pCID(253114_at|*CBF3*; *CBF1*) (right) by different sub-samples. C: control; S: shoot; R: root. The dashed horizontal line indicates the nominal value 1/26.
