

# 活動預告:

**演講人**：李中偉醫師

**Pathology Department, Brigham and Women's  
Hospital and Harvard Medical School, Boston, MA  
Postdoctoral Research Fellow**

**主 題**：

發炎反應與腫瘤幹細胞 (cancer stem cells)

**時 間**：2013年02月20日 星期三

10:30AM~12:00PM

**地 點**：台大醫學院 202教室

Project focus: Characterization and development of signaling pathway-specific therapies against melanoma stem cells

Characterization of stem cells in human melanoma.

Therapeutic approach targeting cancer stem cells *in vitro*.

To develop the antitumor therapies using graft-versus-host immune responses.
