

Opening of a Faculty Position in the Department of Plant Pathology and Microbiology, National Taiwan University, Taipei, Taiwan

A faculty position in the Department of Plant Pathology and Microbiology, National Taiwan University is available at the level of ASSISTANT PROFESSOR, ASSOCIATE PROFESSOR, or PROFESSOR, beginning from August 1, 2012. The area of interest includes: **the study of edible and medicinal mushrooms, applications of secondary metabolites from microorganisms, plant growth-promoting microorganisms, or other fields related to applied microbiology.** The successful applicant will be expected to contribute to the teaching mission of the department, to conduct research programs, and to participate in the department service. Interested candidates should send their applications consisting of a cover letter, two letters of reference (including one from the thesis advisor), and three copies of the following documents: (1) curriculum vitae, (2) Ph.D. diploma or a certificate of the Ph.D. degree, (3) a publication list, (4) teaching plans, (5) research proposals, (6) at most 10 hard prints of the latest seven-year publications (published after August 1, 2005) to the address shown below. The cover letter should indicate the position to be applied and the title of the designated representative paper (published after August 1, 2007). If a Ph.D. dissertation is used as a representative publication for the application of the position of “Assistant Professor”, official transcripts for both undergraduate and graduate studies should be included. For more information, please visit the website: http://homepage.ntu.edu.tw/~ppm/ppm_english/

Please send the aforementioned application materials to the following address before **December 9, 2011** and confirm the application with an E-mail to rfliou@ntu.edu.tw.
